Subject: Rural Planning Assistance (RPA) Funds

The State Budget has passed and includes a \$4 million line item for RPA and this fiscal year we will use the same fund distribution as last year. Please refer to Attachment 1a of the November 16, 2000 Regional Transportation Planning Agencies (RTPA) 2001/02 *OWP Guidance*.

The RPA distribution formula is population based, with graduated base allocations for stipulated population thresholds. During the 2001/02 State fiscal year, we propose to revisit this formula with the Rural Counties Task Force to accommodate population increases and RPA distribution shifts in an orderly and predictable manner.

Should you have any questions, please contact your liaison:
